# Neighbors Serving Neighbors

is the trademarked logo used by independent gasoline retailers and convenience store operators throughout Florida.

For many years these independent businesses have been proud to be your neighbors and have taken pride in making significant contributions to their local communities.

In the past they have kept a low profile and worked hard to look just like the big outlets that are owned and operated by the major corporations. **We are now ready to stand up & be counted as the good neighbors we are!**

**We may not be in control of what market traders do to the price of crude oil...**

**We may not be in control of the world's unrest...**

**We may not be in control of labor strikes aboard that cause America's oil supplies to run low.**

**While it is true we are not in control of what causes the price of gasoline to rise or fall...**

**As your neighbors we are in control of...**

**Bringing you the best services we possibly can.**

**Providing you with the best prices possible through healthy competition.**

**Being good neighbors and helping out in our neighborhoods throughout Florida when and where we can...**

**We are...**

**Neighbors who provide a "Safe Place" for neighborhood children to turn to in time of need...**

**SafePlace**

**We are...**

**The same neighbors who are the last to close in times of hurricanes – many times we are the**

**only place for our neighbors to get groceries and emergency items they may need to weather the storm.**

**We are...**

**Your neighbors who support, local charities, schools, churches, little leagues, and many other good causes within our communities throughout Florida.**

**We will be right here in the neighborhood doing what good neighbors do...**

**FPMA members do not stand alone ~ not in your neighborhood & not throughout the state.**
